DETAILED ACTION

Allowable Subject Matter

Claims 12-21 are allowed.

The following is an examiner's statement of reasons for allowance:

There is no teaching or suggestion in the art of record disclosing a semiconductor device having all of the limitations of claim 12 in combination with a base contact region proximate an outer edge of the polysilicon definition structure. Therefore, independent claim 12 is deemed allowable along with its dependent claims 13-21.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
